

## RT-600 ELECTRONIC POCKET THERMOMETER

### RT600

#### Pen shape with clip

Minimum & Maximum indication  
Industrial quality  
Accurate  
Water resistant  
Easy to clean  
Quick reading  
Pointed tip  
Large temperature range

#### *Use for:*

Fresh chilled food  
Frozen foods  
Chemicals  
Vaccines  
Food processing  
and much more

RT600 is water and soil resistant with covered pushbuttons for On/off, C/F and Minimum/maximum indication.

There is a hole for hanging and a protective cover with a pocket clip. The cover may be used for stirring or may serve as an extra long handle. The large temperature range makes the thermometer very versatile.

#### **Specifications:**

Measurement range: -50 +150°C  
Accuracy:  $\pm 1^\circ\text{C}$  over full range  
Resolution:  $0.1^\circ\text{C}$  (-19.9 to  $150^\circ$ ) Otherwise  $1^\circ\text{C}$   
Unit size: Length 200mm  
Probe size: Length 120mm, diameter 3.5mm  
Sampling time: 0.7 second  
Battery: 1.5V, size LR44 or equivalent  
Power off: After 10 minutes
