

RT 700 Wide Range Digital Thermometer with stainless steel probe

Versatile accurate thermometer
Dual temperature sampling cycle
Fixed remote sensor
Programmable High & Low alarms
Minimum & Maximum record

Technical Specifications:

Measurement range: -50 +260°C
Switch for C/F selection

Ambient operating range: 0 +50°C
Accuracy $\pm 1^\circ\text{C}$ 0 to 60°C
 $\pm 1.5^\circ$ Full range
Resolution: 0.1° min to 0.5°C max.

Temperature sampling cycle:
Normal (10 sec.) Fast (2 sec.)

Display: 3 ½ Digits LCD
Battery included: AAA 1.5V

Dimensions: in mm: 107 (H) x 59 (W) x 20 (D)
Stainless steel probe 120 x 3.5mm
1m cable, non detachable.

Weight incl. Battery: 84 g
