Enclosures

Pacific Data Systems offer many types of enclosures, whether it be portable cases, stainless steel boxes or fibreglass weatherproof enclosures.

With the preferred suppliers being Pelican Products and Rittal, we are assured the enclosures we provide to our customers are rugged enough to handle anything that's thrown their way.

Pelican Portable Cases

These rugged cases are the ideal choice for transporting equipment in the field. Available with pick and pluck foam, equipment can easily and quickly be mounted without the need for drilling or cutting base plates. The Pelican portable cases are available in a variety of colours but are typically either silver, black, orange or yellow.

Code	Exterior dimensions
1300	27.3cm L x 24.7cm W x 17.7cm D
1400	34.3cm L x 32.7cm W x 15.2cm D
1450	40.6cm L x 33.0cm W x 17.8cm D
1500	47.0cm L x 35.7cm W x 17.6cm D
1550	52.5cm L x 43.6cm W x 21.7cm D
1600	61.6cm L x 49.4cm W x 22.0cm D
1700	97.0cm L x 45.2cm W x 15.5cm D

Rittal Weather-Proof Enclosures

The type of enclosure is sometimes overlooked when planning an installation for outdoor use. Considerations must be made whether the installation will be located near the sea, in or around a corrosive area or just to be able to withstand everyday weathering.

KS Series

The KS series are fibreglass enclosures that allow easy drilling of holes for glands and connectors. These enclosures are fully weather-proof and are the ideal choice in applications such as weather stations, water quality stations and general outdoor use. Options for the enclosures include key locks, mounting brackets and clear panel doors.

Code	Exterior dimensions
1423	20.0cm L x 30.0cm W x 15.0cm D
1432	25.0cm L x 35.0cm W x 15.0cm D
1434	40.0cm L x 30.0cm W x 20.0cm D

AE series

The stainless steel enclosures of the AE series are perfect for the more rugged of environments where security and toughness are needed. As the enclosures are made from high quality stainless steel, these enclosures can also be used near the sea. Different sizes are available as well as the optional rain canopy.

Code	Exterior dimensions
1002.6	30.0cm L x 20.0cm W x 15.5cm D
1005.6	30.0cm L x 38.0cm W x 21.0cm D
